Objective

Work independently to provide a fulfilling internet experience to NTID's online visitors.

Education

Rochester Institute of Technology

- Awarded Bachelors Degree with honors in Printing Management, March, 2000.
- GPA 3.51.
- Awarded Certificate in Deaf Studies, May 1998.

Scholarship and Honors

Dr. Robert Frisina Award

Recognized for "showing unusual interest in and dedication to the furtherance of higher education for the deaf" through my involvement in the theatre.

US FIRST Congratulatory Ceremony

Honored by Vice-President Al Gore at a ceremony in Washington, DC for our US FIRST team's first place finish at the National competition.

RIT Deans List

Recognized over multiple academic quarters.

Coop Work Experience

Center for Integrated Manufacturing Studies, RIT. Digital Printing Lab March-May '99

Digital Printing Technician
Performed pre-press work on incoming files in preparation for printing. Processed files through RIP and printed them on Xeikon Digital presses. Gathered and trimmed finished jobs. Assisted with full operation of Heidelberg Quickmaster DI press. Performed routine maintenance and assisted with troubleshooting on Xeikon presses.

- Engineered an addition to the stacker unit on the Xeikon 50D press which allowed running of the press with only one operator.
- Researched available options for a color management system for lab scanners, monitors, and presses.

Cunard Lines Limited

Queen Elizabeth 2 Cruise Ship, Printshop May-August '98

Prepress Specialist
Performed entire daily prepress process - including layout, design, proof, shoot films, and burn plates for the "Daily Program" and "Shipboard News" publications by specified deadline, seven days a week.

- Initiated design changes in the "Daily Program" to improve design continuity and legibility.
- Showed attention to detail and frequently worked ahead of schedule. Personally complimented by the Program Coordinator for "making her job easier."
- Developed summary of daily job requirements and tips for successful shipboard living for training purposes.

Computer Skills

- Skilled in developing websites using basic and advanced technologies.
- Setup and administered a web based CGI bulletin board system using WebTen 2.1 Apache webserver for the Macintosh.
- Four years experience with Internet technologies, navigation methods and tools.
- Seven years experience with Macintosh computer setup, configuration, and troubleshooting.
- Demonstrated abilities in Adobe Photoshop, Adobe PageMaker, Dreamweaver, AppleScript, and Visual Basic.
- Ability to quickly learn new applications.

Other Work Experience

On-campus:

ISC Client Support
Macintosh Support Team
Fall '99-Winter '00
Student Support Specialist
Respond to client requests for Macintosh hardware and software support and training over the phone or on-site.

Consulting:

MSM Productions Ltd.
Summer '99
Web Consultant
Researched software and setup DeafNotes.com web based CGI bulletin board system.

Extra Curricular

Activities:

US FIRST Competition, February '96-April '97
Originated RIT's involvement in the US FIRST National Robotics Competition. Managed RIT's portion of the team which partnered with Harris RF Communications Inc. and Edison Technical High School to form "Team Tigerbolt." Our team won first place in the national competition held at Walt Disney World, Florida.

NTID Panara Theatre, Spring '96-Present

Worked as box office attendant, sound technician, lighting operator, Assistant Stage Manager, and Stage Manager.
